## Work Experience

Hudson Tool Steel Corporation

Orange, CA

July 2015 – Aug 2015

*Intern*

- Assisted in managing invoice files by sorting and processing each invoice for shipments
- Inputted machine codes into the company's database for each type of tool steel available for sale
- Organized files containing information on Hudson's customers and vendors

HBS Computer Consulting

Anaheim, CA

May 2012 – Aug 2012

*Assistant Programmer*

- Worked with database of partnering company, EVE Hair Inc., a company that sells wigs
- Backed up the data of all wig products by EVE Hair into a separate database
- Used Microsoft SQL to edit details such as price, type, stock, and color of each product of EVE Hair
- Learned frontend coding by using Visual Basic to create programs with GUI's such as a calculator

## Extracurriculars

Random Makerthon of Kindness

New York, NY

Oct 2015 – November 2015

*Design, Infrastructure, and Logistics Team*

- Helped organize a makerthon for kids (ages 9 to 15) to teach them how to code through workshops
- Part of the design team that created logos, posters, flyers, and t-shirts
- Involved in the infrastructure team and worked on creating and managing the makerthon's website
- Planned out the schedule and ensured required resources were easily accessible for the makerthon

Tech@NYU

New York, NY

Sept 2015 – Present

*Member*

- Member of the community in New York University that brings people with an interest in tech together
- Attendance in DemoDays: a monthly event when students can observe presentations of peers' projects
- Part of the team organizing Random Makerthon of Kindness: a series of workshops for kids

## Projects

Portfolio Website
